Education

University of North Carolina at Charlotte

Major - Data Science & Mathematics for Business

GPA: 4.0

Aug 2025 - May 2029 (expected)

Skills

Languages/Tools: Python, Java, Pandas, Microsoft Excel, Seaborn

Soft Skills: Problem-solving, Communication, Collaboration, Leadership

Work Experience

SUMMER - 2023, 2024, 2025, 2026

City of Concord, Concord, NC - Camp Counselor

- Supervised groups of 30-60 children aged 6-13 through activities and offsite trips.
- Effectively communicated with parents and guardians to address behavioral concerns.
- Coordinated with fellow staff members to organize and facilitate daily activities.

Projects

Predictive Data Modeling

- Leveraged pandas to analyze a mock data set on traffic data.
- Used a logistic regression model to predict whether an individual was accident prone.
- Created visualizations using seaborn and matplotlib libraries to present the findings.

Auto-Complete Word Program

- Used a binary tree to parse through a basic dictionary to predict the word being typed.
- Program moves through a binary tree to determine if the word is before or after the current word in the alphabet
- Uses a list to return all of the possible words that contain the typed prefix.
